RE: Surface Application of Brine Resolution – For dust and ice control of parking areas and access roads within property of Bloomer Candy Company, 1921 Sonora Road, Zanesville, Ohio.

Dear Sir/Madam:

As you are probably aware, your current private brine-spreading plan for **Muskingum County** expires on **October 27, 2009**. This plan expires one year from the date in which the resolution was passed by the **County Commissioners**. If you wish to continue to use this private spreading plan after **October 27, 2009**, you need to contact the County Commissioners and request them to pass a new resolution. Additionally, this letter serves as a reminder for you to file a Form 15, Surface Application Annual Report, with the Division of Mineral Resources Management on or before April 15.

If you have any questions regarding this matter, please feel free to contact me at (614) 265-1032.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Tomastik".

RE: Surface Application of Brine Resolution – For dust and ice control of parking areas and access roads within property of Bloomer Candy Company, 1921 Sonora Road, Zanesville, Ohio

Dear Sir/Madam:

The Division of Mineral Resources Management has received a copy of the resolution passed by the **Muskingum County Commissioners** approving your plan for the spreading of brine on the above referenced property. The Division has determined that the plan, as approved, complies with the requirements of O.R.C. Chapter 1509 and the Division rules. **This plan expires on October 27, 2009.**

Enclosed is Form 15: "Surface Application Annual Report". Section 1509.226 (F) of the Ohio Revised Code requires that persons who have filed plans for brine application file this report annually with the Division of Mineral Resources Management. Please duplicate the form as needed. The report is due on or before April 15.

Should you have any questions, please contact me at (614) 265-1032.

Sincerely,

A handwritten signature in cursive script, appearing to read "Tom Tomastik".

OFFICE OF
BOARD OF COMMISSIONERS
MUSKINGUM COUNTY, OHIO

RES 08-1471

October 27, 2008

The following action was taken by the Board of Commissioners, Muskingum County, Ohio, at its meeting today:

RE: APPROVE SURFACE APPLICATION OF BRINE TO BLOOMER CANDY COMPANY-SONORA ROAD-PURSUANT TO CHAPTER 1509, O.R.C. – MUSKINGUM COUNTY COMMISSIONERS

It was moved by Commissioner Montgomery, seconded by Commissioner Bates, that this Board of County Commissioners, Muskingum County, Ohio adopts the following resolution:

WHEREAS, Bloomer Candy Company-Sonora Road has submitted an application, signed by the manager as representative for Bloomer Candy Company-Sonora Road to apply brine on access roads and parking lots at 1921 Sonora Road, Zanesville, Muskingum County, Ohio; and

WHEREAS, House Bill 501, effective April 12, 1985, prohibits surface application of brine on roads, streets, highways and other similar surfaces without a written plan to the County Commissioners; and

WHEREAS, Bloomer Candy Company-Sonora Road in Muskingum County, Ohio, desires to spread brine for surface application to the access roads for dust control where parking lots are heavily traveled and semi trucks create dust, or need ice control at their property at 1921 Sonora Road, Zanesville, Ohio 43701, in accordance with state law; and

WHEREAS, the brine is to be supplied by Cameron Production Company, Inc. using a spreader bar method with a rate of 3 gallons per 60 square feet approximately one per week for dust control; and

WHEREAS, Bloomer Candy Company-Sonora Road has agreed to abide by the new regulations issued to the Ohio Department of Natural Resources, now therefore be it

RESOLVED, that this Board hereby APPROVES the application submitted by Bloomer Candy Company-1921 Sonora Road of Zanesville, Ohio, located in Muskingum County, Ohio, as follows:

1. Brine shall not be applied:
 - a. To water saturated surface;
 - b. Directly to vegetation near or adjacent to surfaces being treated;
 - c. Within twelve feet of structures crossing bodies of water or crossing drainage ditches;
 - d. Between sundown and sunrise, except for ice control;
2. The discharge of brine through the spreader bar shall stop when the application stops.
3. The applicator vehicle shall be moving at least five miles per hour at all time while the brine is being applied.
4. The maximum uniform application rate of brine shall be three thousand gallons per mile on a twelve foot wide road or three gallons per sixty square feet on unpaved lots.
5. The applicator vehicle discharge valve shall be closed between the brine collection point and the specific surfaces that have been approved for brine application.

PAGE 2

Brine Application Permit

Bloomer Candy Company-1921 Sonora Road

6. Any valves that provide for tank draining other than through the spreader bar shall be closed during the brine application and transport.
7. The angle of discharge from the applicator vehicle spreader bar shall not be greater than sixty degrees perpendicular to the unpaved surface.
8. Only the last twenty-five percent of an applicator vehicle's contents shall be allowed to have a pressure greater than atmospheric pressure; therefore, the first seventy-five percent of the applicator vehicle's contents shall be discharged under atmospheric pressure.

BE IT FURTHER, RESOLVED, that this Board hereby authorizes the Clerk to forward this legislation to the Chief, Division of Oil and Gas, Department of Natural Resources, 2045 Morse Road, BLDG. H-3, Columbus, Ohio 43229-6693.

The roll being called on the adoption of this Resolution, the vote was as follows:
Roll call: Hill, yea; Montgomery, yea; Bates, yea. Motion carried.

PLAN FOR APPLICATION OF BRINE TO ACCESS ROADS

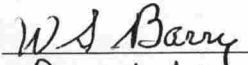

Cameron Production Co. Inc., dba Cameron Drilling Co. Inc. and BLOOMER CANDY COMPANY, OF 1921 SONORA ROAD, ZANESVILLE OH 43701, plan for application of brine to access roads for dust control where parking lots are heavily traveled and semi trucks create dust, or need ice control.

1. Brine will be supplied and transported by Cameron Production Co. Inc. UIC # 26 of 3636 Adamsville Road, Zanesville, OH 43701.
2. Brine shall not be applied:
 - a. To water saturated surfaces.
 - b. Directly to vegetation near or adjacent to surfaces being treated.
 - c. Within twelve feet of structures crossing bodies of water or crossing drainage ditches.
 - d. Between sundown and sunrise.
3. The discharge of brine through the spreader bar shall stop when the application stops.
4. The applicator vehicle shall be moving at least five miles per hour at all times while the brine is being applied.
5. The maximum spreader bar nozzle opening shall be three quarters of an inch in diameter.
6. The maximum uniform application rate of brine shall be three thousand gallons per mile on a twelve-foot wide road or three gallons per sixty square feet on unpaved lots.
7. Any valves that provide for tank draining other than through the spreader bar shall be closed during the brine collection point and the specific surfaces that have been approved for brine application.
8. Any valves that provide for tank draining other than through the spreader bar shall be closed during the brine application and transport.
9. The angle of discharge from the applicator vehicle spreader bar shall not be greater than sixty degrees from the perpendicular to the unpaved surface.
10. Only the last twenty-five percent of an applicator vehicle's contents shall be allowed to have pressure greater than atmospheric pressure: therefore, the first seventy-five percent of the applicator vehicle's contents shall be discharged under atmospheric pressure.

OFFICE OF
BOARD OF COMMISSIONERS
MUSKINGUM COUNTY, OHIO

SEPTEMBER 9, 2004

The following action was taken by the Board of Commissioners, Muskingum County, Ohio, at its meeting today:

RE: APPROVE SURFACE APPLICATION OF BRINE TO CAMERON DRILLING CO. AND BLOOMER CANDY CO.-PURSUANT TO CHAPTER 1509, O.R.C. – MUSKINGUM COUNTY COMMISSIONERS

WHEREAS, Cameron Drilling Co. and Bloomer Candy Co. has submitted an application, signed by James H. Cameron, President of Cameron Drilling Co. and W. S. Barry, President of Bloomer Candy, to apply brine on access roads and parking lots at 1921 Sonora Road, Zanesville, Muskingum County, Ohio; and

WHEREAS, House Bill 501, effective April 12, 1985, prohibits surface application of brine on roads, streets, highways and other similar surfaces without a written plan to the County Commissioners; and

WHEREAS, Cameron Drilling Co. and Bloomer Candy Co. in Muskingum County, Ohio, desires to spread brine for surface application to the access roads for dust control where parking lots are heavily traveled and semi trucks create dust, at their property at 1921 Sonora Road, Zanesville, Ohio 43701, in accordance with state law; and

WHEREAS, the brine is to be supplied by Cameron Production Company, Inc. using a spreader bar method with a rate of 3 gallons per 60 square feet approximately one per week for dust control; and

WHEREAS, J. T. Sands Corporation has agreed to abide by the new regulations issued to the Ohio Department of Natural Resources, now therefore be it

RESOLVED, that this Board hereby APPROVES the application submitted by Cameron Drilling Co. and Bloomer Candy Co. of Zanesville, Ohio, located in Muskingum County, Ohio, as follows:

1. Brine shall not be applied:
 - a. To water saturated surface;
 - b. Directly to vegetation near or adjacent to surfaces being treated;
 - c. Within twelve feet of structures crossing bodies of water or crossing drainage ditches;
 - d. Between sundown and sunrise, except for ice control;
2. The discharge of brine through the spreader bar shall stop when the application stops.
3. The applicator vehicle shall be moving at least five miles per hour at all time while the brine is being applied.
4. The maximum uniform application rate of brine shall be three thousand gallons per mile on a twelve foot wide road or three gallons per sixty square feet on unpaved lots.
5. The applicator vehicle discharge valve shall be closed between the brine collection point and the specific surfaces that have been approved for brine application.
6. Any valves that provide for tank draining other than through the spreader bar shall be closed during the brine application and transport.
7. The angle of discharge from the applicator vehicle spreader bar shall not be greater than sixty degrees perpendicular to the unpaved surface.

Brine Application Permit

Cameron Drilling and Bloomer Candy Co.

8. Only the last twenty-five percent of an applicator vehicle's contents shall be allowed to have a pressure greater than atmospheric pressure; therefore, the first seventy-five percent of the applicator vehicle's contents shall be discharged under atmospheric pressure.

BE IT FURTHER, RESOLVED, that this Board hereby authorizes the Clerk to forward this legislation to the Chief, Division of Oil and Gas, Department of Natural Resources, Fountain Square, Columbus, Ohio 43224.

The roll being called on the adoption of this Resolution, the vote was as follows: Montgomery, yea; Kenily, yea; Madden, yea. Resolution adopted.
