INSTRUCTIONS:

- Item I. Supply requested information. The name must be supplied by the person(s), company or government unit that is responsible for the maintenance of the road(s) to which brine has been applied.
 - Item II. Supply county, township, and actual point of application of brine. A barrel equals 42 U.S. gallons.
 - Item III. Hauler(s) name and registration number(s) must be listed if a hauler is used to apply brine to roads. If the county, township, or municipality uses its own vehicles to apply brine, it need not list hauler numbers; however, if hauler delivers the brine to a holding tank prior to application, the hauler's name and registration number must be listed.
 - Item IV. Supply requested information for each point from which brine was collected and eventually used for surface application.
- NOTE: Additional sheets, if necessary, may be attached.
