Ohio Department of Natural Resources

TED STRICKLAND, GOVERNOR

SEAN D. LOGAN, DIRECTOR

Mr. Mark Numeyer
R.H. Penick Company
1504 Blue Jay Road
Heath, Ohio 43056

Dear Mr. Numeyer:

The R. H. Penick Company has been an owner/operator of wells located in Licking County that produce naturally occurring brine from the Lockport Formation that is a non-producing oil and gas horizon in this area of Ohio. The brine water from these wells is produced exclusively for use as a dust suppressant and for snow and ice control in the winter. This brine has no association with oil and gas exploration, drilling, or production and is therefore exempt from Sections 1509.222 (registration certificate to transport brine by vehicle) and 1509.226 (surface application of brine to roadway and similar surfaces) of the Ohio Revised Code.

If you have any additional questions regarding this matter, please feel free to contact me at (614) 265-1032.

Sincerely,

A handwritten signature in cursive script, appearing to read "Tom Tomastik".
